PROGRESS TO DATE

Checking in on the Strategic Housing Blueprint after Four Years

In 2017, Austin City Council adopted the Austin Strategic Housing Blueprint detailing goals to reach 135,000 housing units over the next ten years (2018-2028). The Blueprint includes District-specific goals to ensure that there is affordable housing throughout the city, as well as overall goals for the construction of housing units affordable to households at all income levels. This Progress to Date scorecard provides a snapshot of Austin's overall progress during the past 4 years toward achieving its 10-year affordability goals outlined in the Blueprint.
